

# **The Educational and Research Foundation for the American Academy of Facial Plastic and Reconstructive Surgery Annual Giving Report for 2015 and 2016**

## **Mission**

In 1974, the Educational and Research Foundation for the American Academy of Facial Plastic and Reconstructive Surgery (AAFPRS Foundation) was created to foster, promote, support, augment, develop, and encourage investigative knowledge and charitable and humanitarian application of facial plastic and reconstructive surgery.

## **General Overview**

The Foundation raised in cash \$744,359 in 2015 from 306 donors and \$785,683 in 2016 from 263 donors. These funds are raised through a variety of sources including:

*The Many Faces of Generosity* - Facing the Future and Beyond Capital Campaign, which will continue to collect payments from pledges totaling \$4 million through 2017.

Annual Gifts continue to be received even though commitments to the campaign are being fulfilled. An Annual Fund generates money the AAFPRS Foundation can count on each year. An Annual Fund is:

- The cornerstone of a comprehensive development program.
- Separate and distinct from money raised for a Capital Campaign/Endowment.

During the two-year period, approximately half of the donors rose to the occasion and became 1887 members. An 1887 member recognizes individuals and organizations whose philanthropic commitment to the AAFPRS Foundation is \$1,000 or more (actual cash donations) during any fiscal year.

## **How Your Donation Make All the Difference**

- Recognizes and grants monetary awards to outstanding authors of research papers in facial plastic and reconstructive surgery.
- Supports the Foundation's LEARN (Lifetime Educational and Research Network) portal which provides educational tools for Academy members as well as a permanent Transcript of each members Continuing Medical Education credits earned via AAFPRS sponsored meetings and activities.
- Supports the Foundation's FACE TO FACE Program by funding a database to capture patient information and providing grants for sanctioned FACE TO FACE International Missions.
- Funds two Research grants and a Research Scholarship through the Foundation's Research Center.
- Supports the Foundation's FACE TO FACE Domestic Violence program, which matches survivors of domestic violence to an AAFPRS volunteer physician, who provides pro bono services to assist the survivor in reclaiming their life.
- Encourages the collecting of historical memorabilia instructive on the subject of the development of facial plastic surgery and provides funds for the Robert L. Simons Archive and Heritage Center.
- Supports Fellowship Program database that assists in tracking and management of requirements and application information.
- Keeps operating costs of the Foundation down.

**Distinguished 1887 Member Award**

In 1887, the first credited intranasal rhinoplasty was performed in the United States. 1887 members are individuals and organizations whose philanthropic commitment to the AAFPRS Foundation is \$1,000 or more during a fiscal year.

The Distinguished 1887 Member Award is presented to those individuals who have gone the extra mile for the Foundation. They have helped the annual giving fund and unselfishly given of their own time by participating in activities that have advanced the mission of the Foundation.

The 2015 recipient is **Robert L. Simons, MD** and the 2016 recipient is **Manoj T. Abraham, MD**. Past recipients of the distinguished 1887 Member Award include:
